

Die Casting Academy.

E-Learning for 24/7 professional training and troubleshooting.

The needs and requirements for your die-casting training change over time. E-Learning from the Bühler Die Casting Academy allows your people to access the information they want, when they need it most.

Well-trained staff can make a crucial difference to your productivity, but each team member requires a different level of knowledge at different times.

The Bühler Die Casting Academy offers you an online training and troubleshooting solution that your staff can access whenever they need it, anywhere in the world.

Step-by-step learning content allows your engineers and operators to progress at their own pace, with videos, interactive modules and quizzes making it easy to learn even complex subjects. Each course can be repeated multiple times and you can have an overview of the training status of all of your employees.

A wide range of topics

The Bühler Die Casting Academy consists of 'Learn' and 'Solve' options. The 'Learn' area offers E-Learning modules developed by our training experts to cover critical operational areas.

The 'Solve' area provides practical assistance and solutions for troubleshooting, helping your engineers and operators to keep your production running smoothly.
