

The myBühler Customer Portal offers you easy access to all details of your Bühler equipment.

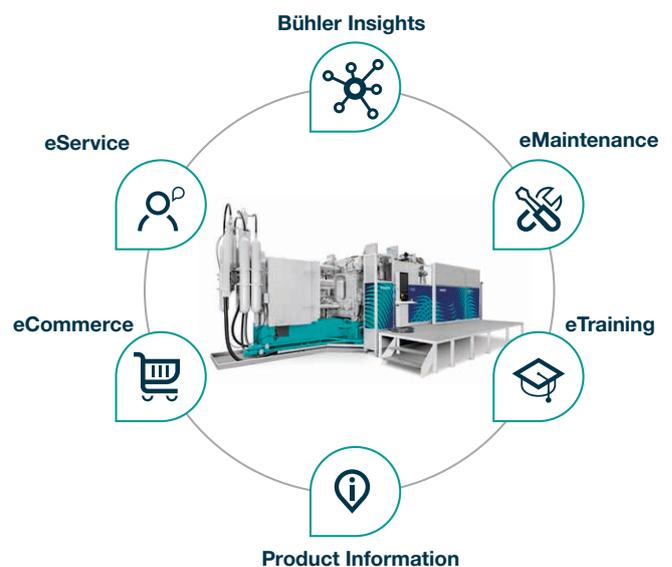

As the impact of the internet increases and 24/7 access to information becomes more important, we at Bühler also strive to provide you with up-to-date information and services in our Customer Portal.

myBühler provides you with an overview of your Bühler equipment, including documents such as user manuals and spare part catalogs. This makes it easy to find the parts you are looking for — your purchasing process is streamlined thanks to direct access to price and material information and the possibility of directly creating quotations and orders online.

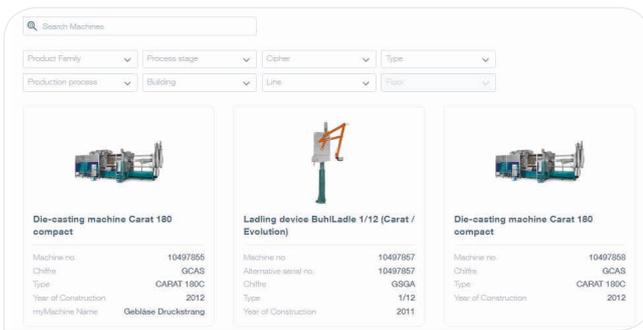

In addition you will be able to profit from various Digital Services such as E-Learnings, Downtime Analysis and Predictive Analytics.

Benefits for your foundry

- **24/7 Accessibility** to documentations
- **Ease of use** – shop online for spare parts, view and track your orders
- **Increase your OEE** with access to digital services
- **Increased productivity** with planned and organized maintenance schedules
